

May 12, 2025

To Our Valued Customers:

Legend continues to monitor the changing tariff landscape. As we learned yesterday the Chinese reciprocal tariff has been reduced to 10%. Legend, as of May 3 passed on 60% of that tariff which is reflected in new list prices. To maintain our competitive edge and adapt to this change, we have decided to reduce the tariff on affected Chinese products to 10%. The effective date is Wednesday, May 14, 2025.

The steel and aluminum 25% tariff is still in place and therefore no change to these products.

All new and existing (open) backorders will be repriced at the new tariff-based price. The new price sheets will be available for download on May 14<sup>th</sup> 2025.

Legend will continue to monitor the situation and may have to respond to future tariffs. We appreciate your continued support through these uncertain times. Please contact your local sales representative or call us at 1-800-752-2082 and ask for Customer Service with any questions. We will be happy to assist you.

Sincerely,  
Jeff Shreiner  
VP of Sales
